THE EXTRA SESSION.

THE FIRST DAY'S PROCEEDINGS OF THE SENATE AND HOUSE.

The Organization and the Governor's Message Occupy the Attention of the Day.

MARCH 15, 1880.

The Senate met at 12 o'clock, President Robinson in the chair.

Prayer by Rev. Dr. Thomas E. Skinner, of Salisbury State Baptist church.

The clerk proceeded to call the roll of Senators present, when forty four answered to their names.

The Proclamation of Gov. Jarvis, calling the Legislature in extra session, was then read.

At the conclusion of its reading President Robinson delivered the following address:

FELLOW SENATORS:—We have been convened in extraordinary session by the proclamation of his Excellency the Governor, to consider a matter of much interest to all of our people—it may be of vital interest to a portion of them. In approaching the consideration of a question like this, we should divest ourselves of anything like personal feeling, or local prejudice, or predilections, and consider it truly as sons of one common mother, the State of North Carolina. I bespeak your generous support and aid as you have heretofore given me in the discharge of the duties of my position. I now declare the Senate ready to proceed with business.

On motion of Senator Graham, of Lincoln, a message was sent to the House, notifying that body of the readiness of the Senate to proceed to business, and proposing to raise a joint committee composed of three, on the part of the Senate, and five, on the part of the House, to wait upon the Governor and notify him of the readiness of the General Assembly to receive any communication from him.

Joint committee, three on the part of the Senate and five of the House, to wait upon the Governor and inform him of their organization and readiness to receive any communication he might feel disposed to transmit. Carried.

A messeage was received from the House informing the Senate that the above resolution had been received and fully concurred in.

Messrs. Dortch, Graham and White were appointed on the part of the Senate as said committee.

After some little time, the committee, through their chairman, Senator Graham, stated that the joint committee had waited upon the Governor and that he would immediately transmit such documents as pertained to the present session.

A message was received from the House transmitting the Governor's address, with a proposition to print 200 copies of each.

Senator Leach moved to strike out 200 and insert 10 copies for each member. Carried.

Senator Leach introduced a resolution that a joint committee, 9 on the part of the Sanate and 15 of the House be raised, to whem the sale of all railroads in the State shall be referred.

Senator Dortch opposed the resolution. Said he was in favor of an equal division, and would offer this as an amendment.

Senator Everett fully agreed with Senator Dortch's amendment and would heartily vote for it.

After some little debate upon the amendment Senator Dortch withdrew it, and the original resolution was concurred in.

INTRODUCTION OF BILLS.

By Senator Dortch: A bill providing for the sale of Western North Carolina Railroad, the North Carolina, the Augusta and North Carolina Railroad and for other purposes. Calendar.

By Senator Eyerett: Bill in relation to the Western North Carolina Railroad. Calendar.

Upon motion of Senator Leach, the Senate adjourned until 12 o'clock tomorrow.

HOUSE.

The House was called to order at 12 o'clock by speaker J. M. Moring.

The Rev. Dr. Marshall offered prayer

The roll being called, seventy-three members answered to their names.

The proclamation of the Governor convening the Legislature in extra session was read.

Mr. Norment presented the credentials of Mr. Brooks, and that gentleman came forward and took the oath of office.

Mr. Vaughan, of Alleghany, made a motion to send a message to the Senate notifying that body of the organization of the House, and the clerk was thereupon ordered to prepare the same.

Mr. Cobb, of Lincoln, offered a motion to send a message to the Senate recommending that a committee of five be appointed (three on the part of the House and two on the part of the Senate) to wait upon the Governor, notifying him that the General Assembly was ready to receive any message he was disposed to offer.

Mr. Jones, of Caldwell, thought it would be better to ascertain whether any Senate had assembled.

A message from the Senate was here received informing the House that that body was organized and ready for the transaction of business.

The message recommended that the joint committee to be appointed on receiving the Governor's message, be 8 on the part of the House and 5 on the part of the Senate.

Mr. Cobb accepted the amendment.

The Committee was then appointed on the part of the House and waited on the Governor and reported back that he would transmit his message in a few minutes.

(The message will be found in another column.)

Mr. Carter, of Alleghany, offered a resolution providing for the raising of a joint committee on the Western Railroad question.

Mr. Vaughan made a motion that the resolution be put upon its several readings at once.

The Speaker here made a statement that he should be guided by the rules of the last regular session.

Mr. Jones, of Caldwell, made an enquiry about the morning hour

The Speaker announced that the morning hour had expired.

The rules were suspended here and the resolution providing the appointment of a committee on the Railroad question passed its second reading.

On motion of Mr. Carter the reading of the bill upon its third reading was dispensed with and it was placed upon the Calendar.

Mr. Lewis introduced a resolution, which was put upon the Calendar. This resolution, which will be hereafter reported, touches general legislation.

Mr. Jones, of Caldwell, enquired what this body had assembled for.

Mr. Turner, of Orange, volunteered satisfaction in a characteristic speech of some length.

An amendment to the resolution before the body was then offered by Mr Harrell, who spoke to it, making the number 15 on the part of the House and 10 on the part of the Senate. The amendment was accepted by Mr. Carter of Buncombe.

Mr. Lewis, of Nash, introduced a resolution in reference to going into general legislation it was made the special order for to-day at 11 o'clock.

A number of new arrivals on the noon train was here announced and the gentlemen came forward and were sworn in.

After a general discussion upon matters before the House, on motion of Mr. Ferrall, of Wake, the body adjourned until ten a. m. to-day.

TELEGRAPHIC TICKINGS.

The French cabinet is divided on article 7.

Famine and brigandage prevail in the Ottoman provinces.

There was a big meeting of the Land League in Dublin yesterday.

The St. Petersburg *Golos* urges reforms in the Russian government.

The troubles between the Greeks and Bulgarians have become critical.

The steamship Montana has been stranded on the English coast.

The Arkansas Republican convention will meet at Little Rock, Arkansas, April 28.

A freeze in the Hudson river has suspended the running of steamers between Albany and New York.

Hon. L. H. Holton, M. P., died very suddenly at the Russell House, in Ottawa, Ont., yesterday, of heart disease.

The brewery of Gottleib Gluyck, at Minneapolis, Minn., was burned yesterday morning. Loss $20,000; insured for $5,000.

John B. Turner's knitting mill, Germantown, Pa., was destroyed by fire yesterday morning, involving a loss of about eight thousand dollars. Covered by insurance.

The steamer Caledonian, which has arrived at Halifax, N. S., from Boston, will load with cattle and apples for Glasgow. There was a snow storm at Halifax yesterday.

A disease known as black measles is prevailing to an alarming extent in the country around Petersburg, Va. During the past few days a number of sudden deaths resulted from it.

William Cousin, a porter of a hotel in Chillicothe, O., yesterday shot and fatally wounded William Golden, a colored barber. Golden had a razor in his hand, and was advancing on Cousin with threatening words.

The coroner's jury in New Orleans, in the Wise murder case, returned a verdict that his death was caused by gun-shot wounds inflicted by a party unknown. Four policemen were present when Wise was shot.

George H. Hammond committed suicide in Boston Saturday night by hanging. He was a well-known actor. His stage name was George H. Hillman. He was the father of the "Little Hillmans," and played a long time with "Yankee Locke."

P. F. Benson, one of the proprietors of the Grand Central Hotel, at Oakland, Cal., and H. H. Wiget, a porter, have been arrested for purloining valubles of the guests during the incendiary fire which destroyed the building Tuesday morning.

A fire at No. 643 Eighth avenue, New York, Saturday morning, completely destroyed the stock of Stephen McPartland, dry goods; loss $60,000, insurance $55,000. The building was damaged $8,000. The fire was communicated from a gas jet in a show window.

Messrs. Ford & McCaull, the theatrical managers, gave a banquet to the members of the "Pirates of Penzance" company, in Brooklyn, N. Y., Saturday night, on the occasion of their severance with that troupe. They will open the Bijou Opera House, in New York city, on Easter Monday.

The Ohio temperance convention was held Saturday at Alliance. Three hundred and twenty-three delegates were present. Resolutions were adopted to sustain principles rather than party; recommending no separate prohibition party, but to labor in caucusses and at the polls to secure sober men for officials.

The Lake Erie and Western railroad has made an alliance with the New York Central, Lake Shore, Chicago and Alton and Boston and Albany Railroad Companies, for a through freight line to Kansas City, by way of St. Louis, to be called the Midland freight lines which will comprise 6,000 freight cars.

Dr. Luther B. Dickenson, editor and proprietor of the *Planter* and *Farmer Magazine*, published at Richmond, Va., has confessed to a systematic course of forgeries for two years past, using the forged indorsements of Jeter & Dickenson, (the latter his brother,) proprietors of the Religious *Herald* of that city, and others. Nathan P. Pratt, treasurer of the Reading, Massachusetts, Savings Bank, was convicted of a series of embezzlements Saturday, whereupon the prisoner's counsel produced a confession by Sidney P. Pratt, a son of the unfortunate man, stating that he, and not his father, was the embezzler.

A deed of transfer under the recent sale of the Indianapolis, Cincinnati and Lafayette railroad was left with the recorder at Cincinnati, Saturday, for record, and also a mortgage from the Cincinnati, Indianapolis, St. Louis and Chicago Railroad Company, the former company's reorganization title, to Messrs. Geo. T. Bliss and Harry Bates, trustees, to secure the issue of $7,500,000 of mortgage bonds of the road.

"Fifteen."

An esteemed subscriber writes to the NEWS as follows: "I have devoted the last few days and nights to an elucidation of the puzzle of "fifteen," and purpose to give you and the distracted public the result of my mental labors. I had heard, though I had not "seen it in the papers," that there was a reward of $1,000 out for a rule by which to solve the puzzle to a certainty, and I thought I might as well make that thousand as not, if I could. I went to work at the subject, and after, as I said several days and nights' study reflection and meditation, arrived at the following result: There are sixteen blocks on the table, which, after removing the sixteenth, leaves fifteen. These fifteen blocks are capable of being placed in 123,516,768,000 different positions, according to the old arithmetical rule of transposition. Of course one of these positions is the consecutive arrangement of the numbers from 1 to 15; this would leave 123,516,767,999 positions of the blocks which are *not* consecutive, but which are required to be made so by moving them.

Now disarrange your blocks as you please, and they will assume *one* of the different positions mentioned above, and there is certainly a rule by which they may be moved until they assume a consecutive order, and this rule will invariably bring them out right whenever the blocks are in *that* particular position.

Transpose them again and another rule for the movements is required, which will be equally certain for *that* position, and so on throughout the entire 123, 516, 767, 999 positions; each position requiring a different and distinct rule, and each rule being absolutely certain for the position for which it is formulated.

I have not written out, nor indeed ascertained exactly what the form of even one of these rules should be, but, having made, as I conceive, the important discovery in regard to a solution of the puzzle above given, I hasten to give it, in order that the large number of enterprising young men about town who seem to have plenty of leisure for such work, may take a chance at that thousand dollar reward, by carefully noting the movements required in each of the 123, 516, 767, 999 positions, and writing out the rule for each and furnish them to you for publication. Of course when the work is done and the thousand dollars handed over, I should expect a small share for having given the hint and marked out the plan for obtaining it. Yours, LUNAT.

Supreme Court Decisions.

Digested for the NEWS by W. M. Busbee, Attorney at Law.

BY SMITH, C. J.

J. J. Sims vs. Gottlie Bros } Mecklenburg.

On the 18th of May, 1877, the plaintiff sued out a warrant from a Justice against the defendants upon their liability as acceptors of an unpaid draft for $125; also an attachment against their goods and chattels, levied the same day upon bacon consigned to R M. Miller & Co., and then at the depot undelivered. On the 29th of the month Miller, a member of the firm of Miller & Co., on behalf of First National Bank of Cincinnati, by whom the bacon was claimed, applied to the Justice to be allowed to discharge the attachment, and entered into an understanding to that effect. The Justice ordered the bacon to be delivered to that firm.

An outside claimant of property seized under an attachment has a right to introvene and adjust in one action all complicating clauses to the property.

When property is taken upon attachment and withdrawn upon bond, the court may permit the parties to withdraw the bond upon the return into court of money arising from sale of the property. Such order is consummated when both acts are done and the benefit is withheld until the duty is performed, the insufficiency of the undertaking is no just grounds for appeal.

Judgment affirmed.

J. E. McNeely vs. R. H. McNeely } Iredell.

Suit for partition.

In the interpretation of wills, each case must be determined by an examination of the testator's language contained in the will itself, in the light of the facts attending its execution and to which it has reference in arising at the intent of the instrument as a whole and of its several provisions.

The intestate by virtue of the devise had a vested estate in remainder, in the land to take effect in possession at the death of his mother, the life tenant; and this remainder at his death descended to his son, the defendant. The words of the devise "by him seeing to her," his mother were not operative as a condition, precedent or continuing to terminate or impair his estate, but was the expression of a wish that he would look after his mother and take care of her and her interests in view of the provision made for him at her death. The sole seizin is therefor in the defendant.

Affirmed.

George Mowery vs. Commis'rs of Salisbury } Rowan.

The plaintiff's dog was found running at large, against the town ordinance, and was shot and killed by persons authorized by authority of the Commissioners. The only point presented is the validity of the ordinance Property in dogs is recognized and protected against wanton and needless injury, and a civil action for damages may be maintained by the owner. Yet they are not the subject of larceny. They are taxed by statute and the commissioners of towns are empowered to direct the killing of all dogs on which the tax is not paid. The owner of a mad dog or a sheep killing dog is indictable by Bat. Rev., ch. 38, amended by acts of 1874-'5.

Such provisions of law do not inviolate private rights, nor disregard constitutional guarantees, but in populous communities may be, and often are, necessary precautions against what in their absence would become a public nuisance.

There is no error. Judgment affirmed.

Thos. Grier, Adm'r., vs. L. A. McAfee. } Mecklenburg.

Suit to obtain an authoritative interpretation of certain provisions in a testators will; to ascertain the rights of the several devisees and legatees interested therein, and the funds in the hands of plaintiff paid to the parties entitled.

A sale could only pass to the legal estate of the trustee and the interests of those who are associated with him, as plaintiff, in the land; and the shares of such of them, as were *feme covert* or infants would remain unchanged as realty, while the conversion would be effectual as to the others. The survivors of grand-children who were not parties to the proceeding, would be unaffected by the sale until they elect to ratify it and take their shares in the substituted fund. The verbal assent unless operating as an estoppel against the assertion of a claim in favor of the purchase, would not have the effect to convey as estate in the land.

The judgment is affirmed and the cause remanded for further proceeding in the Superior Court.

BY DILLARD, J.

State vs. Philo Sherrill } Caldwell.

There was a final judgment in the court below, this appeal must be dismissed. There seems to have been some misapprehension as to the effect of the decision in this case on the former appeal as reported in 81 N. C. The legal effect of the appeal was to vacate the judgment below and the error adjudged in this court, by reason of the variance between the allegation and the proof, operate to put out of the way, or vacate the verdict. And so upon the certified opinion of this court, the defendant stood before the court below in point of law charged upon a sufficient bill of indictment, and is entitled to a new trial.

"Angel of Night" is what Dr. Bull's Cough Syrup has been termed by parents, whose worrying and coughing children have been soothed and cured, and have secured sweet slumber by using this excellent remedy. Price only 25 cents a bottle.

Piano Makers Closing.

NEW YORK, March 15.—All the piano factories have made arrangements to close their factories to-morrow. It is estimated that about 4,000 workmen have been thrown out of employment.

For the Season.

I have just received a large stock of Cotton and Corn Hoes. Among them the celebrated "Remington," without doubt the best cotton hoe in the market.

Full stock of Rakes, Forks, Spades, Shovels, &c. The trade supplied at lowest prices. Always a complete stock of Hardware, Stoves, and House furnishing goods.

Holleman Building, Raleigh, N. C.

GOVERNOR'S MESSAGE.

THE REASONS FOR CONVENING THE EXTRA SESSION.

Why the Western North Carolina Railroad Should be Sold---A Review of the Situation.

STATE OF NORTH CAROLINA,
EXECUTIVE DEPARTMENT,
Raleigh, March 15, 1880.

Gentlemen of the Senate and House of Representatives:

I have convened you in extra session to-day to consider a proposition made by W. J. Best, J. N. Tappan, W. R. Grace and J. D. Fish, of the city of New York, for the purchase of the State's interest in the Western North Carolina Railroad, and for its completion, and to consider any other proposition having the same end in view, and I have done so because you are the representatives of the real owners of the property proposed to be purchased.

To have refused to submit such an important proposition to you would, in my opinion, have been in effect, a gross usurpation of a power nowhere in the Constitution confided to me by the people of North Carolina. Reading that Constitution, by the light of true Democracy, the authority given to the Governor "on extraordinary occasions, by and with the advice of the Council of State, to convene the General Assembly in extra session" seems in no sense a restriction upon the right of the people to consider and determine their own affairs, but, on the contrary, a solemn enactment in furtherance of that right. Provision was first made in the Constitution for the people to be heard at regular stated periods through their representatives in General Assembly, and then in view of the possibility that emergencies at other periods might arise, in which it would be equally important for the voice of the people to be heard, machinery for that purpose also was provided. In a word, it was to enable the people to make known their will, and not to clothe the Governor with a veto power on that will, that authority was given to him to convene the General Assembly in extra session; to give the people voice and not to silence them in matters of their own concern. The people of North Carolina have steadily refused, from the organization of the State government in December, 1776, to the present time, to confer upon their Governor a veto power, or any power in the nature of a veto power. Not proposing, therefore, to usurp a prerogative that rightfully belongs to you as the representatives of the people, I have deemed it my plain duty to call you together and submit the proposition to you.

In view of the importance of the subject matter which you are to consider, it is my duty to put you in possession of all the information I have concerning both the proposition and the property to which it relates.

On the 10th day of January, of this year, Mr. William J. Best, of New York city, submitted to me, for himself and others, a proposition to purchase the State's interest in the Western North Carolina Railroad, and for the speedy completion of the entire line of road, both to Paint Rock and to Ducktown. After considerable correspondence, and several interviews with Mr. Best, and after assurances of the financial and personal character of himself and his associates, and of their connection with him, the proposition was so shaped as, in my opinion, to possess sufficient merit to require its submission to you. This proposition was first submitted to the Board of Directors of the Company and then to the Board of Internal Improvements, with requests for their advice, suggestions and action. These Boards were, in point of fact, as I was informed, divided in their opinions.

On February 3d I received a letter, dated February 2d, from Messrs. A. J. DeRosset, Donald McRae, and D. R. Murchison, in behalf of themselves and other leading citizens of Wilmington, inquiring if a proposition had been submitted for the purchase of the State's interest in the Western North Carolina Railroad, and what the terms of the proposition were, and stating that there was an arrangement being perfected in Wilmington to raise a company to purchase the property. I replied to these gentlemen on the 3d, the same day I received their letter, stating that a proposition had been made, giving them as accurately as I could (it then not being in my possession) its terms, and stating that I would submit it to the Board of Directors on the 10th, then to the Board of Internal Improvements, and finally to the Council of State. I assured them "that our friends in Wilmington would have the amplest opportunity to oppose the proposition of Mr. Best, or to make one of their own," and expressed the hope that they would "find themselves prepared to make an offer for such purchase," with the assurance that "as between our own people, and all other people, my sympathies were with our own." I then laid the proposition, together with my correspondence, letter book, and all the information I had, before the Council of State, made by the Constitution my advisers, and asked their advice as to the propriety of convening the General Assembly in extra session to consider the same. I was officially informed that the Council was unanimous and earnest in opinion that I ought to call together the General Assembly in extra session, at as early a day as practicable, to consider the proposition. In accordance with that advice, I issued my Proclamation on the 21st day of February, calling you together in extra session to-day.

Immediately after issuing my proclamation I caused the proposition of Mr. Best and his associates to be printed and circulated throughout the State, so that the people might know what it was and you might learn their will concerning it before you were required to act.

There has been much discussion on the merits of the proposition, the language in which it was written and the propriety of a sale of the property on any terms, which I take it will aid you in coming to your conclusions. When I published the proposition, though I thought its main features sufficiently set forth to be submitted to the General Assembly, it was not claimed by myself or by the Council of State, so far as I am informed, that it was absolutely perfect either in form or in substance, and such amendments as mature deliberation might show to be necessary, I confidently relied upon your wisdom to make, and to this end, as I said in my recent address to the people of the State, I desired that "the speediest, greatest and most detailed publicity" be given to the proposition. And to aid you in this work of perfecting the proposition in its details as far as I could, (the Attorney General being constantly engaged in official duties connected with the Supreme Court,) I availed myself of the services of Hon. Geo. Davis, Wilmington, and Hon. Thomas Ruffin, of Hillsboro, whose rare legal attainments and whose unsullied personal integrity you know full well. At my request these gentlemen, after a careful study of the proposition, and after full conference with Mr. Best and the Attorney of his associates, and with their full concurrence, made a redraft of the entire proposition, which, together with the draft as first printed, I transmit herewith. I am sure, if you desire the property to be sold on the terms proposed, you will have but little trouble in framing a bill that will protect the interest of the State and be acceptable to the parties who desire to become the purchasers.

The history of this road naturally divides itself into three periods. *First.* Its management from the date of its charter to the date of its sale under execution in 1875. *Second.* Its management from its purchase by the State at the sale in 1875 to its reorganization in April, 1877. *Third.* Its management from its reorganization to the present time. The charter of this road from Salisbury to Ducktown and to Paint Rock was granted by the General Assembly at its session in 1854-'55, and work under it was begun soon thereafter. From that day to this there has seldom been in the State a political campaign in which this road has not in some way or other been a topic of discussion. Pledges for its speedy and early completion have been made by all parties that have had an existence in the State. Hopes have been excited, deferred, destroyed and renewed until the people have well-nigh dispaired of its completion.

The State issued her bonds for four millions of dollars for this work prior to 1868. During the same period our million and three hundred thousand dollars were paid in money or labor by counties and individuals along the line of the road. The Company also issued its mortgage bonds to the extent of near a million and a half dollars to aid in the work. I think that I can safely say that not less than seven millions of dollars in actual cash, from time to time, including that derived from the sale of the six hundred and forty thousdollars of so-called Special Tax Bonds, went into the hands of the officers of the two divisions of this Company, during the first period, with which to build and equip this great work, and yet not a rail was laid beyond Old Fort, in McDowell county. From causes not now necessary to discuss, the whole property was, in 1875, put up and sold at public auction to the highest bidder, and bought by the State.

The amount bid for this property, by the State, was eight hundred and fifty thousand dollars, which she paid by executing a mortgage for that amount upon the property itself, and issuing, through the Commissioners appointed to make purchase, mortgage bonds for that amount to be due in 1890, and bearing seven per cent interest. The interest on these bonds the State guaranteed by making the coupons receivable for taxes due the State; but she did not bind herself to pay the principal.

Three Commissioners were then appointed by the State, who took possession of the property, and managed it until the organization of the present Company, in Aprial, 1877. Of this management it is sufficient to say, generally, that it had a small convict force, and completed the road to Henry, and did considerable grading on the mountain section.

In the great campaign of 1875 pledges for the completion of this road were again given by both parties, and in the General Assembly of 1876 '77 both participated in the legislation under which the present Company was organized, and under which the present appropriations have been made and expended. Under the management of the present Company the State has furnished a convict force, averaging about five hundred, which has been fed, clothed and quartered at her expeuse. She has supplied the rails and material necessary to lay the track, and has paid for the same, and the iron laid by the Commissioners, with money drawn from the treasury and raised by taxation. In the same way she has paid all the interest on the eight hundred and fifty thousand dollars First Mortgage Bonds up to the present time. The amounts thus paid out, up to March 1st, 1880, are:

For Iron, &c.,	$150,173.43
" Interest,	266,175.00
" Support of convicts,	140,031.00
Total,	$556,389.43

Upon this management twenty-six miles of track have been laid, a part of the grading for which had been done by prior managements, and to-day the terminus of the road is at Gudger's Ford, six miles East of Asheville.

It gives me pleasure to say that I believe the affairs of the Company have been well conducted by the present management, and that a great deal of work of a different character has been done under it with but small means.

Any proposition to sell the State's interest in the road must to a very great extent be a business matter, and should be considered upon business principles. If an offer were made to one of you for the purchase of your own property, you would, after hearing the terms of the offer, be influenced in its acceptance or rejection by the condition and value of the property, and your supposed advantage in keeping or selling it. Presuming you would act in this way with the people's property, in the exercise of your responsible duties, I requested the President of the Company of the Western North Carolina Railroad to prepare a report, to be submitted to you, showing the condition and value of the property. This report I herewith transmit, and commend to your careful attention. From it you will see the completed part of the road is by no means in good condition. The road-bed and an important and costly bridge need repairs; the iron is worn, and much of it needs replacing with new; the rolling-stock is insufficient, and much of it old and needing repairs. He estimates, as you will see from his report, that the sum of $220,000 will be needed in the next two years to put the road from Salisbury to Asheville in fair condition. From Asheville to Paint Reck is forty-five miles, and the sum of $650,000, according to his estimate, will be needed to build and equip this part of the road. From Asheville to Ducktown, he reports, is one hundred and thirty-five miles, and to build and equip this line the sum of $5,330,000 will be required. The time required to build and equip these two lines, under existing laws, he estimates to be thirty years; and this estimate supposes that every dollar of the annual appropriation be paid by the State and used for that purpose. The gross earnings of the company were last year $82,422.37, and the net earnings $22,157.60, which were used to aid in the construction and more speedy completion of the road to Asheville. Had the net earnings been used for the purpose of keeping up the old part of the road, they would have been wholly insufficient for that purpose. In fact, they would have been insufficient to have paid off the floating debt of the Company, which has been permitted to remain unpaid in the anxiety of the directors, officers and employees of the company to reach Asheville as early as possible. The gross earnings for the next two years, if applied wholly to that purpose, would not be sufficient to repair and equip that part of the road already built, unless they should be greatly increased. So the managers of the property, if the State continues to own it, will have to look elsewhere for the means actually necessary to keep the road in proper running order.

The place to which they naturally would look is the State treasury, for the funds there are the property of the State equally with the road. With this view I have called upon the State Treasurer for a report, which I herewith transmit, and likewise commend to your careful consideration. From this report you will see there is not a dollar in the Treasury that can be used for any such purpose, and will not be next year, unless you increase the rate of taxation. In fact, you will see that not a dollar of the annual appropriation for iron can be paid. So that unless other means are devised or taxation shall be increased the further construction of the road must practically be stopped. It is a rule with the Treasurer, in the administration of the affairs of his office, to first pay the expenses of the State government proper, including the support of the charitable and penal institutions, and then the appropriations of money for specific purposes according to their priority. Acting upon this rule, he has not yet been able to pay off the liens on the Cape Fear and Yadkin Valley Railroad, and still acting upon this rule, he will be unable this year to pay anything to the Western North Carolina Railroad.

What to do, then, with this property becomes a very grave question for you to determine. Ought the State to keep the road or ought the State to sell the road? If you decide to keep it, how do you propose to complete it? There are, so far as I can see, but three ways in which this may be attempted: To issue more State bonds, which to me seems perfectly inadmissible; I do not desire ever to see another State bond issued to build this or any other road. To still further mortgage the property, which in my opinion will inevitably lead to another foreclosure and sale and to its purchase by parties who will build and use the road when and how as to them may seem best, or who, it may be, will never build it all: Lastly by moneys derived from increased taxation. To increase the taxes already laid upon the people, without an absolute necessity therefor, I am persuaded you will not do. Governments are necessary, and their machinery is necessarily costly, but the moment a government exacts a dollar from the people more than the requirements of its existence may demand, that moment it becomes an oppressor. As I said to you in my inaugural address: "Government has its blessings and its burdens. Good laws properly administered constitute its blessings; the taxation necessary to its support, its burdens. How to make its blessings as great and its burdens as small as possible, should be the earnest, constant study of all to whom the people have committed their interests, either as makers or ministers of the law." What I said then I repeat now. Nor am I to be deterred from pointing out to my fellow-citizens how they may lighten their burden of taxation by the fear of having it said that such a course is an appeal to the sordid passions of the people, and having it characterized as the act of a demagogue. Such an opportunity now presents itself and I do not for a moment hesitate to pursue the course that patriotism and duty so plainly mark out for me. In my opinion, further taxation for the completion of the Western North Carolina Railroad is entirely unnecessary, even at existing rates, for the simple reason that by a sale of the road upon the terms offered, it can be completed as originally designed without one dollar of additional cost to the State, and not another dollar ought to be so spent. The State in its expenditures for works of internal improvement has never sought dividends, or any profit indeed, other than that inseparable from the greater conveniences of the people and the necessary increase in values sure to be caused by such works. But whether she sought such dividends from such expenditures or not, her sad experience in investments in other public works forbids the hope of any return to the State Treasury of any money expended on the Western North Carolina Road so long as she may own and operate it.

But there is a still higher consideration involved in the acceptance or rejection of the proposition now before you. North Carolina should do equal and exact justice to each and every portion of her people and territory, and only by so doing can she do the greatest good to the whole State, and only by so doing can she make her citizens everywhere proud to be called North Carolinians. Daily and hourly may be witnessed in various sections the increased means of travel, trade and intercourse which have so greatly added to the general wealth of the State. There are, however, a few sections of the State still unprovided for, and of these notably, is that whole section of the State west of the Blue Ridge. The only means of transportation for person or produce in all that section is to-day as it was a century ago, while during the whole period from that day to this, these people have responded with their lives and their scant means to every call of the State. In the proposition now before you I believe the State has an opportunity, without laying further burdens upon the other sections, of speedily giving to those people what they have so long hoped for and so patiently waited for. I do not hesitate to avow my confidence in the honesty, integrity and ability of the gentlemen proposing this purchase, and my firm belief that if they make the purchase they will carry out in good faith and in good time any contract they may enter into with you.

The sale of the road is the only security of the people against taxation; simply to repeal the legislation of 1876-'77 will not give relief. The only additional taxation placed upon the people by that legislation was for the purchase of iron which in 1877 amounted to $54,000, in 1878 to $48,000, and in 1879 to $69,000, and can in no one year exceed $70,000. The reason that the amount paid for iron in 1879 so greatly exceeded that paid for it in either of the preceding years was because I bought in the fall of that year, anticipating a rise in the price of iron, 650 tons at $42 per ton, nearly enough to iron the road to Asheville, and which could not be bought now for $80 per ton. This appropriation for iron is the only part of the burden which can be lopped off. You cannot if you would, and you would not if you could, repeal the act which binds the State to pay the interest on the $850,000 first mortgage bonds of the Road. The State has pledged her faith to this by making the coupons of these bonds receivable for taxes, and her faith must be kept inviolable. The amount of interest thus to be paid is $59,500 per annum, and must so continue for ten years, when these bonds mature. It costs the State $50,000 per annum to take care of 500 convicts. She cannot and will not refuse to provide for these. It is true she may work them elsewhere, but that will not get clear of or lessen the cost of maintenance. There is no place to put these convicts at work at the cost of private parties. The Oxford and Henderson and the Chapel Hill roads are the only enterprises that have made offers to the Penitentiary authorities to hire convicts, and both of these have been supplied. So that there is $110,000 of the burden that must still remain in any event if you refuse to sell this property. And just here I beg to call your attention to another fact in the report of Treasurer Worth, to which I have not yet alluded. He states that there will be a deficiency in the Treasury under existing laws at the meeting of the next General Assembly of $216,675.28. If the appropriation of $70,000.00 for iron be omitted—and that, as I have shown, is the only item that can be repealed—then there will be a deficiency of $146,675.28, if you refuse to sell the road and the State meets her obligations. There is but one way to supply this deficiency, and that is by increase of taxation, and the increase necessary for that purpose will be ten cents on each hundred dollars' worth of property.

The State should never, as I have said, issue another bond to aid in any public work in any section. She can, though, do much in the way of aid for all sections that choose to avail themselves of it with her convict labor. Our experience has shown it to be the best labor ever employed in this State on works of improvement. A force of one hundred and twenty-five convicts has nearly graded, since last October, the most of the line from Oxford to Henderson, for which the State receives compensation in cash sufficient to cover all expenses. Another force of now nearly one hundred is at work on the road running to the State University, and it is expected will complete the grading by the first of the Fall. This force is likewise paid for in cash. The force on the Cape Fear and Yadkin Valley Road will complete the grading of that road to Greensboro by the last of summer, and then can be placed west of Greensboro, and well organized as it is, will, if kept at work, push quite rapidly up the Northwestern section of the State through and into a section rich in mineral and agricultural resources, and much in need of railroad facilities. This force is paid for in the first mortgage bonds of the company, which is the same sort of security that those who pay for the iron and superstructure are to take for their money. This much the State can do, and should do for other sections, and it can better be done by leaving it with the penitentiary authorities than by legislative enactments. In this way, I think many projects which have been much talked of and discussed in our more eastern counties, may be greatly aided without any additional burdens to the people. In fact, I think at the same time the State is giving this aid she may, by proper legislation, lessen the burdens in the counties, for I am prepared to advise that the criminals who are now an expense to the counties, be taken out of jail and put to work on these roads. If men will commit crime, I believe in making them work for the public to pay for it. If the State continues this work on the Western North Carolina Railroad for twenty or thirty years longer it will cut her off for long years to come from doing anything with this labor for other sections.

The introduction into the State of the amount of money and energy necessary to the completion of this great work by foreign capitalists, is, in my opinion, worthy to be considered, and if you believe in the good faith of the parties proposing such completion, should have its influence on your action. The speedy development of the large section of the State beyond Asheville, consequent upon the completion of this road, and the investments there by other capitalists from abroad, will become reality and no longer be a prophecy.

And now, gentleman, having given you all the information in my possession, and for fuller details placing my letter book containing all my correspondence on the subject at your disposal, I leave the matter in your hands, confidently believing that your action in this crisis, so fraught with good or evil to the people of the West, and of the whole State, will be taken with an eye single to the good of those whom you represent.

In conclusion, gentlemen, I beg leave to say that I know of no other subject for your consideration which may not be postponed till the regular session of the General Assembly next winter, and I trust that I am not infringing upon your prerogatives, in earnestly advising you not to enter upon general legislation.

Respectfully,
THOS. J. JARVIS.

Shrewdness and Ability.

Hop Bitters so freely advertised in all the papers, secular and religious, are having a large sale, and are supplanting all other medicines. There is no denying the virtues of the Hop plant, and the proprietors of these Bitters have shown great shrewdness and ability in compounding a Bitters, whose virtues are so palpable to every one's observation.—*Exchange.*

Who Is Mrs. Winslow?

As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as far as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup, for children teething. It operates like magic—giving rest and health, and is moreover sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do RISE UP and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are *daily* sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, mothers—try it now.—*Ladies' Visitor*, New York City. Sold by all druggists. 25 cents a bottle.

Don't Give Up.

What if you have tried different "put up" medicines in vain. Have you not been equally disappointed in some physicians? Do not consider your case incurable until you have made a thorough trial of Dr. Pierce's Family Medicines. They are chemically pure, of uniform strength, and have come into general use by reason of superior merit. In cases of general and nervous debility, consumption, bronchitis, dyspepsia, liver complaint, scrofulous bunches, ulcers and eruptions, the Golden Medical Discovery is a speedy and positive cure; while thousands of women, who had for years been bed-ridden, have, by the use of Dr. Pierce's Favorite Prescription, been restored to perfect health. The introduction of these two remedies has revolutionized the treatment of chronic diseases. Patients are no longer depicted and salivated, as the tonic and alterative properties of the Discovery long since demonstrated a better way. Ladies need no longer submit to the use of the caustic and knife, as the Favorite Prescription is guaranteed to cure the diseases and weaknesses peculiar to women. Mrs. Samuel M. Kemper, of Gallandet, Ind., writes, "Your Favorite Prescription and Pleasant Purgative Pellets have saved my life."

Preventive of Malarial Diseases.

Opinion of Dr. H. R. Walton, of Annapolis, Md.: Colden's Liebig's Liquid Extract of Beef is a most excellent preparation. It is par excellence. Superior to cod liver oil or anything I have ever used in wasted or impaired constitutions, and extremely beneficial as a preventive of malarial diseases.

Sold by Williams & Haywood, Raleigh, N C.

DAILY NEWS

TUESDAY, MARCH 16, 1880.

GEO. C JORDAN, Editor and Propr

We surrender our editorial space this morning to the press of other matter. The Governor's Message, the Supreme Court Digests and the Proceedings of the Extra Session coming together all in one day present about as much solid reading as will content our subscribers for one issue.

A number of amendments to the charter of the city of New York have been introduced into the New York Legislature, by which the Republicans will obtain control of a considerable portion of the political patronage of that city. The Republicans have been anxious to do this for some time, but were deterred by the certainty that Gov. Robinson would veto any bill to this effect. Now, however, when they have not only both branches of the Legislature, but the Governor, they will undoubtedly carry out this cherished scheme of theirs. This matter cannot be remedied until the Democrats again get possesion of the Legislature.

That gold crosses are often hollow is well enough known, but perhaps few persons have discovered what a French writer has—the use to which this vacant space is put by English ladies. In it is filled, he says, with cordial, or sherry, or brandy, for sipping in public places and thus the religious symbol is made to administer to creature comfort. "This custom can be observed nightly at the opera; where a charming young English lady is in the habit of pressing to her lips at the most pathetic passages an enormous gold cross." "If this story is an invention, it is at least ingenious.

The papers have been devoting a great deal of their space time to interviewing the college boys at the various Northern universities on their choice for the Presidency. The New York *World* gives the choice of twelve leading colleges on this question including Harvard, Yale and Princeton, 2876 students in all, which shows Blaine to be the leading Republican favorite, 871 votes; Grant second, 618 votes; and Sherman third, 481 votes; with Bayard 581, distancing all the other Democratic candidates. The only trouble about these opionions is that nine-tenths of these collegians who express these Presidential views so promptly are not yet of age and not able to vote. It would be in now to interview some of the ladies on this great absorbing question of the day—who will be the next President?

An earnest effort is being made in New York to persuade those having in charge the Irish skirmishing fund, which now amounts to $80,000, to use it in relieving the distress now in existence in Ireland. There is, however, but little hope of success. General Bourke, who is at the head of the committee to whose care this fund is confided, says that while it is true that it is designed for the relief of Ireland, it must be relief in a particular manner—by revolution: and that the committee will not feel authorized in using it for any othee relief, no matter how great the necessity may exist therefor, unless so authorized by the persons who contributed to the fund. As these amount to over a quarter of a million, there is no possible chance of obtaining a vote from on this proposition. The fund will be held until a fit opportunity offers itself, when it will be used in equipping a regiment for Ireland.

A Bill in Relation to the W. N. C. Railroad.

The General Assembly of North Carolina do enact:

Section 1. That all acts of the General Assembly heretofore passed, providing for an appropriation of seventy thousand dollars per annum, for the purchase of iron for the Western North Carolina Railroad, be and the same are hereby repealed, and the Treasurer of the State is hereby directed not to make any further purchase of iron for said Railroad.

Sec. 2. That the convicts, to the number of five hundred, assigned to work on said Railroad, shall be employed by the President and Directors of said Road, exclusively on the line of said Road from Salisbury to Paint Rock, in the county of Madison, until the same shall be completed.

Sec. 3. That when the grading on said Road shall be completed to the vicinity of Paint Rock, the President and Directors of said Road shall have power to contract with any person, corporation or company, to supply the necessary iron to complete said Road and put it in good condition from Salisbury to Paint Rock, and also to supply the necessary engines and rolling stock.

Sec. 4. This act shall be in force from its ratification.

Mr. Dortch, of Wayne, proposes to introduce the above

TRUE LAWYERS.

Severe] Discipline Before Getting their Parchments.

San Francisco Stock Exchange

A student applied the other day to one of the disirict courts for admission to practice, and an examination committee of one was appointed by the judge to ascertain his qualifications. The examination began with:

"Do you smoke, sir?"

"I do, sir!"

"Have you a spare cigar?"

"Yes."

"Now, sir, what is the first duty of a lawyer?"

"To collect fees."

"Right; what is the second?"

"To increase the number of his clients."

"When does your position towards your client change?"

"When making a bill of costs."

"Explain."

"We are then antagonistic. I assume the character of plaintiff and he becomes the defendant."

"A suit once decided, how do you stand with the lawyer conducting the other side?"

"Cheek by jowl."

"Enough, sir; you promise to become an ornament to your profession, and I wish you success. Now, are you aware of the duty you owe me?"

"Perfectly."

"Describe it."

"It is to invite you to drink."

"But suppose I decline?"

Candidate scratching his head. "There is no instance of the kind on record in the books."

"You are right; and the confidence with which you make the assertion shows you have read the law attentively. Let's take the drink, and I'll sign your certificate."

STATE NEWS.

[Correspondence under this head is furnished by regular contributors to the NEWS.]

WARREN.

Warrenton, March 13.—The weather for the past week has been rainy and disagreeable.

Trade is very good.

In the case of Rencher vs. Joyner, judgment was given for the plaintiff in the sum of $8,000, damages.

Mr. A. Leander Perkinson and Miss Pattie, daughter of O. P. Shell, hackman from Warrenton to Warrenton depot, was married in this place on the 10th of March.

Owing to the long time consumed in the trial of the Rencher-Joyner case, the case of Pennell vs. Vaughan, Barnes & Co. was continued to the next term of the Court. The Court occupied the first and second weeks, a thing very unusual in this county. Judge Gudger gave universal satisfaction; we have not heard even a whisper against him.

The Baptist Church (white) of this place realized $175 net profits from their feast and dinners during Court week This amount is for the purpose of the parsonage which the Church proposes to procure.

We failed to mention the following attorneys attendant upon our Court in our last, to-wit: Messrs. Mullen and O'Hara, of Halifax; Bob Peebles, from Northampton; Colonel L. C. Edwards, from Oxford.

It is said that a larger assemblage of people was present during the term just over than for many years, owing probably to the favorable condition of the weather enabling the farmers to push forward their farming operations, and thus making it convenient for them to leave their farms.

Court adjourned to-day, and his Honor Judge Gudger leaves for Halifax Court. G.

GRANVILLE.

Mt. Energy, March 13.—It is cold enough to snow, with the ground very wet and roads awful muddy.

Wheat looks better.

A good mercantile business is done here and at Bobbitt's store. The money is here and people pay cash.

Last week Mr. Thomas Mitchell and Miss Ella Shadrach were married.

At the age of 89, last Monday Giles Adams passed quietly into the "great beyond."

Thomas Hicks, one of the defeated candidates for the sheriffalty in '78, will, we are informed, make himself seen, heard and felt during next summer's canvass. His fealty to the Rads is undoubted.

Tyrrell Aiken's horses ran away with his wagon Wednesday, tearing it to pieces, breaking the neck of one horse and seriously injuring the other.

This is really a religious section of country, and the young men's prayer meetings are well attended three times a week. Good is being done.

Thomas Fuller recently purchased the David Fuller homestead, near Wilton, for $1,200.

Hop at G. M. Bragg's last Thursday evening. Johnston, Jones and Lenoir counties were well represented. The music was fine and the occasion really an enjoyable one.

A company is forming for the complete exploration of the Rock House cavern in Dutchville township. We may expect to hear of new discoveries therein soon.

J. W. W.

FRANKLIN.

Franlinton, March 13.—On Monday what has been known as "the Farmers' Legislature," convenes by proclamation. We are aware of the fact that just now is a bad time for farmers to be from home for all good agriculturists say that the spring preparations are indispensable primary essentials towards raising a good crop, therefore we may look for a short session with good work, else it may be detrimental to their farms and future political prospects. Good farms like Henry C. Fearce and Jack Winston of this county and William Blackwell and Addison Morris, of Granville are so busy now that they would feel unwilling to stay from their home duties more than six days for the business that is now agitating the minds of our legislative Solons. Such men would doubtless in one week sell or give away the W. N. C. R. R., for it is thought that either would benefit the State; they quietly retire into non-entity the Agricultural department, and leave the public school text-books optional with the teachers. Wind and gas are now at a discount, but next July and August the people will have time to hear any orations that may be prepared to astound the natives for they will keep if the ink and paper are good and they are not left out in the farmyard. J. W. W.

FRANKLIN.

Franklinton, March 13.—Cold and rainy, with northeast winds. Wheat crops are much improved in looks since the rains set in.

Notwithstanding the very inclement weather and bad condition of the roads, farmers have been busy hauling fertilizers.

Trade is quite lively.

Married, last Thursday, Mr. W. H. Flanners and Miss Sadie Preston.

Died, yesterday at 3 o'clock, p. m., Horace Conorton.

The municipal court, so far as business is concerned, has become *nil* for the nonce, and will not do much more until cotton opens next fall.

That the cotton factory, before spoken of, will ultimately be erected here there at present seems but little doubt, for when such enterprising business men as W. L. McGhee and J. G. Staunton take hold of a thing, and get such monied men as Jack Winston, B. H. Winston and Henry Pearce interested, the capital is then insured and success certain. Forty thousand dollars can now be counted as raised for the project.

Bill Hayes, colored, climbed a tree yesterday to punch a squirrel out of a hollow. The squirrel stayed, but Bill and the limb on which he stood came down. Bill hopes his left *femur* will grow together again after a while.

Henry Low was out shooting robins not long since, and he has concluded that four charges at one time, are too much for one barrel, and not safe to the front teeth.

Joshua Kearney has purchased the famous white pebble lot of one acre. The sale was private and the price paid is unknown.

Edward Pitt Harris has returned, after an extended commercial tour in the West. He saw many wonderful things in his travels, some of which we hope to lay before your readers. He saw an artesian well 3,000 feet deep without water, and land so poor that it had to be manured to make brick. All this was in Nevada.

The Louisburg Telephone Company are rapidly pushing their work to completion, and in a few days the Louisburgians and Franklintonians can enjoy themselves with soothing telephonic whispers.

The News from Maine.

Hop Bitters, which are advertised in our columns, are a sure cure for ague, billiousness and kidney complaints. Those who use them they cannot be too highly recommended. Those afflicted should give them a fair trial, and will become thereby enthusiastic in the praise of their curative qualities.—*Portland Ad.*

Charles S. Prentice, of Toledo, O., went to Paris and thence to England to be treated for Bright's disease, and after the best physicians of both countries had done what they could for him, gave up in despair and returned to America to die. Here he received further treatment from other skillful physicians without benefit, and while "listlessly lingering in pain and anguish," he says, heard of the Safe Kidney and Liver Cure, took it, and was completely cured in a few weeks. He gives circumstantial details of his painful expe-

Miscellaneous.

HOSTETTER'S CELEBRATED

STOMACH BITTERS

The Stomach is Strengthened,

The bitters invariably remedy yellowness of the complexion and whites of the eyes, pains in the right side and under the right shoulder-blade, furred tongue, high colored urine, nausea, vertigo, dyspepsia, constipation, heaviness of the head, mental despondency, and every other manifestation or accompaniment of a disordered condition of the liver. The stomach, bowels and kidneys also experience their regulating and tonic influence.

For sae by all Druggists and Dealers generally.

TUTT'S PILLS

SYMPTOMS OF A TORPID LIVER.

Loss of Appetite, Bowels costive, Pain in the Head, with a dull sensation in the back part, Pain under the shoulder-blade, Fullness after eating, with a disinclination to exertion of body or mind, Irritability of temper, Low spirits, with a feeling of having neglected some duty, Weariness, Dizziness, Fluttering at the Heart, Dots before the eyes, Yellow Skin, Headache generally over the right eye, Restlessness, with fitful dreams, highly colored Urine.

IF THESE WARNINGS ARE UNHEEDED, SERIOUS DISEASES WILL SOON BE DEVELOPED.

TUTT'S PILLS are especially adapted to such cases, one dose effects such a change of feeling as to astonish the sufferer.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. If the constipation is of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually lessening the frequency of the dose until a regular daily movement is obtained, which will soon follow.

Dr. I. Guy Lewis, Fulton, Ark., says:

"After a practice of 15 years, I pronounce TUTT'S PILLS the best multitudinous medicine ever made."

Rev. F. R. Osmond, New York, says:

"I have had Dyspepsia, Weak Stomach and Nervousness. I never had any medicine to do me so much good as TUTT'S PILLS. They are as good as represented."

Office 35 Murray Street, New York.

TUTT'S HAIR DYE.

Gray Hair or Whiskers changed to a Glossy Black by a single application of this Dye. It imparts a Natural Color, acts Instantaneously, and is as Harmless as spring water. Sold by Druggists, or sent by express on receipt of $1.

Office 35 Murray St., New York.

The St. Nicholas Hotel,

NEW YORK.

This house more than fully maintains the superiority to which it owes its world-wide reputation. Table attendance and apartments are unequalled. Locality for convenience of travelers, the very best. American plan, first-class.

Transient: $3.00 a day and upwards.

Permanent: $21.00 to $28.00 a week.

An entirely New and positively effective Remedy for the speedy and permanent cure of Seminal Emissions and Impotency by the only way, viz: Direct Application to the principal seat of the Disease. The use of the remedy is accompanied with no pain or inconvenience, and does not interfere with the ordinary pursuits of life. This mode of treatment has stood the test in every severe case, and is now a pronounced success. There is no mistake about this preparation. Practical observation enables us to guarantee that it will give perfect satisfaction. It is a combination of remedies recognized by the Medical profession to be the most rational means yet discovered of invigorating and curing this very prevalent trouble. The Remedy is prepared by the HARRIS REMEDY CO., Mf'g CHEMISTS, Market and 8th Streets, ST. LOUIS, MO.

WARNER'S SAFE BITTERS

In eliminating the impurities of the blood, the natural and necessary result is the cure of Scrofulous and other Skin Eruptions & Diseases including Cancers, Ulcers, and other sores.

It is the best Blood Purifier, and stimulates every function to more healthful action, and thus a benefit in all diseases.

Dyspepsia, Weakness of the Stomach, Constipation, Dizziness, General Debility, etc., are cured by the Safe Bitters. It is unequaled as an Appetizer and Regular Tonic.

It is a medicine which should be in every family, and which, wherever used, will save payment of many doctors' bills.

Bottles of two sizes; prices 50 cents and $1.

SAFE KIDNEY & LIVER CURE. SAFE DIABETES Cure. SAFE BITTERS. SAFE NERVINE. SAFE PILLS. READ! SAVE TWOSELF

Seven Springs Iron and Alum Mass

This most excellent remedy is becoming more popular with our people every day. It is one of the few medicines that improves on acquaintance—the more one knows of it, the more its virtues are appreciated. Everybody who has given it a fair trial, speak well of it. Our druggists sell large quantities of it. People are not afraid to use a medicine that they know to be efficient for their ailments, and at the same time harmless in its nature. Read what is so aptly said of it, in another column of this paper. Truth is mighty and will prevail. feb27 tf

Cuticura

BLOOD AND SKIN HUMORS,

The Scourge of Mankind. Old Methods of Treatment and Remedies a Failure.

CUTICURA RESOLVENT, the Great Blood Purifier and Liver Stimulant, is the most searching, cleansing, and purifying agent of this country. It may be detected in the saliva, sweat, milk, blood, and urine in forty minutes after taking the first dose, showing that it has entered the circulation and been carried to every part of the system. It forever eradicates the virus of Syphilis, Scrofula, Cancer, and Canker, those terrible blood poisons that rot out the machinery of life, filling the body with foul corruptions. Taken internally in conjunction with the external application of CUTICURA, the Great Skin Cure, it speedily cures Scrofulous Ulcers and Old Sores, Salt Rheum, Psoriasis, Tetter, Ringworm Scald Head, Dandruff, and all itching and Scaly Diseases of the Skin and Scalp.

ECZEMA ON THE SCALP.

BREAST AND LIMBS CURED.

Messrs WEEKS & POTTER: Gentlemen—I cannot refrain from adding my debt of gratitude to you for having placed within my reach the wonderful CUTICURA REMEDIES, which have rendered unnecessary all further experiment of physicians, and in a remarkably short space of time have ridded me of a loathsome disease. I dispensed with all physicians two years ago, believing they did me no good. The CUTICURA has stopped this unsatisfactory expense—even if it were necessary and I had the courage any longer to follow their advice—and brought the long-looked-for cure and happiness.

I have been afflicted with Eczema or Salt Rheum on my scalp, breast, and limbs for five years, during which time I have been under the treatment of physicians, or at mineral springs, or taking some kind of medicine. I have been treated by Drs —— of ——, Dr. —— of ——, and visited sulphur springs and taken numbers of patent medicines, all without the faintest approach to a cure.

April 1st last, I began the use of CUTICURA, which was immediately successful in my case, entirely curing me. I have not had a clean scalp for 15 years until the use of CUTICURA entirely healed it and left it clean and healthy. The other parts of my body were affected in a more aggravated form, but are now completely healed. I believe myself completely cured. I shall continue the CUTICURA RESOLVENT as directed, for its wonderful action on the stomach and bowels and cooling influence on the blood. It will afford me pleasure, as I have done in many cases, to urge the afflicted to use these wonderful remedies.

Yours, etc.,
STEPHEN CROWELL.
NEW BEDFORD, Sept. 30, 1878.

A RUNNING SORE

CURED IN ONE WEEK.

Messrs. WEEKS & POTTER:—Some three or four weeks ago I ordered a box of CUTICURA for a bad case of Salt Rheum. The back of one of my wife's hands was a running sore. In one week from the day it arrived her hand was well and has remained so up to to-day. E. P. DAGGETT.
MILFORD, ME., June 10, 1878.
NOTE.—Reader, don't you think these cures remarkable?

CUTICURA SOAP,

MEDICINAL AND TOILET,

Is prepared from CUTICURA in a modified form, and is positively indispensable in the treatment of Skin and Scalp Diseases. We recommend it for the preservation of the skins of infants, for gentlemen who shave and are troubled with tender faces, for those who desire a clean and wholesome Skin and Scalp, and for all purposes of the toilet, bath and nursery. Its delightful and refreshing fragrance equals or surpasses the finest Parisian Soaps.

The CUTICURA REMEDIES are prepared by WEEKS & POTTER, Chemists and Dr gists, 360 Washington street, Boston, and are for sale by all Druggists. Price of CUTICURA, small boxes, 50 cents; large box 8, $1. RESOLVENT, $1 per bottle. CUTIC RA SOAP, 25 cents per cake; by mail, 3 cents; three cakes, 75 cents.

For Sale.

A Rare Chance for Investment.

Wishing to give my whole attention to the lumber trade, in which I am about to engage on a larger scale than ever before, I offer for sale on terms to suit the times the following valuable property in Cary:

I.

MY PLUG TOBACCO FACTORY, in a BRICK building 50x80 feet, 3 stories high, the lower story being two large storerooms. The Tobacco Machinery is new and has a capacity of manufacturing 1,000 lbs. per day. The factory has been worked a year, and a good beginning for a trade has been made. The building and the machinery will be sold together, or separately to suit purchasers.

II.

GRAIN MILLS,

in a 3 story brick building, 28x40 feet. Two Wheat Mills and one Corn Mill, new and complete with a capacity for grinding 100 bushels of wheat and 100 bushels of corn a day, and can compete in quality of flour with any mills in the State. The mills have had a very large local patronage during the past year. They are driven by a 60 HORSE POWER STEAM ENGINE, improved, of the make of Talbott & Sons, Richmond.

Attached to the engine is also a 60 SAW COTTON GIN and power press, at a safe distance (about 100 feet) in a different lot. The engine has a brick smoke-stack 60 feet high, making the danger from fire the least possible and the rate of insurance very low.

III.

Several well built and handsome residences, with lots and gardens of about 1 acre to each dwelling. They are wooden buildings, 2 stories high, with from 5 to 7 rooms each, situated in desirable locations in the village.

Besides these, 4 one acre lots, with cottage buildings of 2 rooms.

TERMS: One-third Cash; balance on reasonable time.
A. F. PAGE,
Cary, N. C.

Valuable Lot for Sale.

On Monday, February 16th, 1880, at 12 m., I will sell at the Court House door in Raleigh the lot of land recently occupied by George Scales in the northern portion of the city of Raleigh. The lot fronts 52½ feet on Polk Street and runs back northward 210 feet, lies to the eastward of and adjoins, the lot of Major J. C. Winder. Contains ½ acre and has a good dwelling house and stable on it.

Sale made under judgment of Wake Superior Court.
Terms Cash.
MARTHA MORDECAI,
jan 20-t Commissioner.

For Sale.

A good gentle work HORSE and a light spring Wagon nearly new, will be sold very low for cash. For further information call on

DAILY NEWS

TUESDAY MARCH 16 1880.

Entered at the Postoffice at Raleigh, N. C. as second-class matter

Weather Report.

WASHINGTON, Mar. 15.

For the South Atlantic States falling barometer, winds mostly easterly, stationary or higher temperature and cloudy weather with rain.

Raleigh and Roundabout.

Index to New Advertisements.

DR. PIERCE—Local notice.
LATTA & MYATT—Guano.
B. C. MANLY—Police your premises.

SIDEWALK NOTES.

——Revenue receipts yesterday, $640.29.

——We regret to learn of the serious illness of Capt. A. W. Lawrence.

——Read notice of the Mayor in regard to cleansing your premises.

——Regular meeting of Raleigh Chapter No. 10, to-night at 7½ o'clock.

——Mr. Turner's remarks in the House yesterday created considerable mirth.

——The Democratic members of the General Assembly held a caucus in the House last night.

——A caucus of the Republican members of the Legislature was held yesterday afternoon.

——J. B. Long & Co., of Baltimore, Md., yesterday took out a fertilizer license at the State Treasury.

——Members of the Legislature can get copies of this morning's NEWS by calling on our Reporter in the House.

——Mr. Francis Austin and Miss A. Hunsucker were married in this city last Wednesday by C. D. Heartt, Esq.

——Mr. Lewis Haywood, son of Col. Ed. Graham Haywood, who is studying for the stage, is on a visit to his relatives.

——Hall & Pearsall, of Wilmington, N. C., and Womble & Walker, of Norfolk, Va., took out drummers' licenses yesterday.

——A special despatch from Halifax, N. C., states that Henry Lewis, of Rocky Point, N C., was kicked to death by a horse yesterday.

——The Governor's Message meets with approval among the members of the extra session, so far as the Reporter has been able to ascertain.

——Messrs. Mack, Dixon, Mellville, Allen, Russell and McCarty made quite an impression last night at the minstrel performance in Metropolitan Hall.

——Mr. Moses N. Amis, one of our young attorneys, leaves to-day to take up his residence in Smithfield. Mr. A has won many friends here who wish him success in his new home.

——The Juvenile Pinafore Troupe that appeared at Tucker Hall a few months since will visit this city again in a new role, under the auspices of Mr. Powell, on the 5th of April.

——The great Cow Convention, held in the capitol grounds last night, resolved to memoralize the extra session for an additional appropriation of $1,000 for rare shrubs and flowers, the supply of tid-bits having been exhausted through the great influx of country cattle; and to demand that the severe penalties against bipedal defloration be extended to non-resident bovires.

——Messrs. Yeargan, Petty & Co., are daily receiving fresh invoices of Spring Prints and Ticks of unusually handsome patterns. We notice a large line of ticks from the Phœnix Manufacturing Co. of Augusta, Ga., which is the largest manufactory of cotton goods south of New England, and has a paid-up capital of $1,000,000. The acknowledged superiority of their goods consist in the fact that they are made with great care, only the higher grades of cotton are used, and the coloring is pure Bengal Indigo. They are confidently recommended as having *no equal*.

——Attention is directed to the advertisement of the "L & R" Guano, in this morning's NEWS. Messrs. Latta & Myatt, one of the most reliable wholesale grocery houses in the city, have taken the agency for its sale in this section and are now prepared to furnish customers at the lowest market prices. This fertilizer has been thoroughly and practically tested in Wake and adjoining counties for the past ten years, and is pronounced by those who have tried it to be standard in every respect and give it the highest recommendation. Mr. Hiskil, the Southern agent, has made an excellent selection in Messrs. Latta & Myatt as agents at this point.

Police Court.

Only two drunk and downs reported at the Mayor's court yesterday.

New Registration.

A new city registration will be had, beginning on the 24th of this month. "Take due notice thereof and govern yourselves accordingly."

Members of the Legislature

Will find the "Stylographic Pen" specially adapted to their use. It is the most convenient writing instrument ever invented. Sold by Alfred Williams & Co. You are respectfully requested to call at the Bookstore and examine it.

Mr. Turner's School Bill Resolution.

Resolved, the Senate concurring, That a committee of five be appointed, three on the part of the House and two on the part of the Senate, to investigate all the facts connected with the failure to sign the School Bill of the regular session of the Legislature of 1879.

Metropolitan Hall Last Night.

The Baird Minstrels last night at Metropolitan Hall was a decided success. The audience was unusually demonstrative and the excitement unbounded. The performance was greeted with rounds of laughter from beginning to end. It was generally pronounced one of the best of its character that has ever visited the city. Mr. Johnnie Mack, as second end bone man, is a genius of unusual ability and his delineation of the negro character was rendered with fine effect.

The clog danee, in which twelve of the leading actors engaged, lead by Mr. Mack, was a novel feature and was rendered in excellent time.

The performance was concluded with a burlesque on "Pinafore," entitled "No Pinafore," which was well received.

The Press in the City.

Someone has asked us how many papers there were published in Raleigh. In order to satisfy the enquirer in full we publish a list.

Unmailable Matter.

A letter is held at the postoffice in this city addressed to the Rev. C. C. Tolson, Thomasville, N. C.

☞ *WE CALL SPECIAL ATTENTION* to the advertisement of YEARGAN, PETTY & Co., who have all the latest new Styles and Patterns in DRY GOODS. This firm are the agents for the world renowned Belding Bros. & Co. Spool Silk, Twist, Embroidery &c., and have the largest Manufactories in the United States. All their silks are PURE DYE, are warranted and unrivaled for strength and purity.

They are represented in the South by Col. J. S. Hammond, so well and favorably known through the whole South. The Colonel was a gallant soldier in the Lost Cause; is an affable gentleman, and is well representing his house; has appointed Messrs Yeargan, Petty & Co. agents for Raleigh, who will supply the trade at Manufacturers' prices, and all are invited to call and examine the large assortment of New Spring and Summer Shades. Messrs. Belding Bros. have factories in Rockville, Connecticut, Northampton, Massachusetts, and Montreal, Canada, and warrant their goods as represented or money refunded. Yeargan, Petty & Co., have obtained control of a large lot of B. Bros. Silk through Col. Hammond, which they will sell at the old price. ☞AND IN ADDITION A GOOD SPOOL OF SILK FOR 5 CTS. This Silk Twist and Embroidery is KNOWN to be the BEST ever sold in this market, as it has been sold by this House for the past ten years, and never failed to give satisfaction. Yeargan, Petty & Co., gives free of charge a handsome Silk Cabinet to any MERCHANT who buys the Silk. 3t-1st.

Read This.

Mosley's is the most attractive place to visit in Raleigh. In connection with the confection department, you will find a nice retreat for ladies and gentlemen. A saloon for their special benefit with all the delicacies of the season. A dining saloon. What Raleigh needs and what the good people ought to sustain. You can get oysters served in any style. Birds, Beefsteak, Ham and Eggs, Sausage, Coffee, Ice Cream Cakes, Pies and Milk. All are invited to pay this institution a visit.

Dead Shot.

Among the large number of sportsmen in the city now but few, if any, may be called "dead shots" and the same is true of smokers, but the "dead shot" five cent cigar sold by W. C. & A. B. Stronach has been tried for years and never fails. It is therefore true to its name and only requires a trial to convince. Call for the "dead shot" and have no other.

What a Pity

that the otherwise beautiful girl should have had such bad teeth. And all because she did not use SOZODONT. It costs so little to buy it considering the good it does, and its benefits stretch out into her future life. Poor girl!

Baltimore, Md.—I have used Dr. Bull's Cough Syrup personally and in my family for two or three years, and am prepared to say that there is nothing to compare to it as a remedy for Coughs, Colds, etc. James Corrie, Dentist.

Prescription Free

For the speedy cure of seminal weakness, losss of manhood, and all disorders brought on by indiscretion or excess. Any druggist has the ingredients. Address Davidson & Co., 78 Nassau street, New York.

Ghosts.

Not Colonel Ingersoll's "aristocracy of the air," but real *human* ghosts. Ghosts that were once healthy men and women, but are now simply the ghosts of what they once were. As we meet them, and inquire the cause of all this change, they repeat the old, old story, "a cold," "neglected cough," "catarrh, "overwork," or dyspepsia," "liver complaint," and "constipation," with unsuccessful physicians and remedies. In offering his Golden Medical Discovery and Pleasant Purgative Pellets for the cure of the above affections, Dr. Pierce does not recommend them as a sure cure *in all stages*. For if the lungs be half wasted away, or there be a cancerous complication, no physician or medicine can cure. The Discovery is, however, an unequaled pectoral and blood-purifier. It speedily cures the most aggravated cough or cold, and in its early or middle stages, consumption. By correcting all irregularities of the stomach and liver, it readily cures blotches, pimples, scrofulous ulcers, bunches or tumors. Hundreds testify that it has restored their health, after eminent physicians had failed. For constipation, use the Pellets. As a local remedy for catarrh, use Dr. Sage's Catarrh Remedy.

TELEGRAPHIC NEWS.

WHAT THE WIRES BROUGHT LAST NIGHT.

Congressional Proceedings---A Richmond Editor in Trouble--Vessel Sunk, Etc., Etc.

SENATE.

WASHINGTON, March 15.—Senator Davis, of Illinois, presented a memorial of the publishers of the principal newspapers of Chicago, asking the present duty of 20 per cent on the valuation of the unseized paper be repealed. The memorialists says this tax produces little returns and serves only enlarged profits of manufacturing monosolists. They also ask the abolition of the duty on soda, ash and wood, straw and other pulp and on type.

Senator Davis spoke in advocacy of the memorial, and in course of his remarks he said "that while he regretted it not to be practicable at this season to reform the tariff as a whole, there was no reason why this particularly desirable change should not be made at once."

The Vice President laid before the Senate communition from the Secretary of the Interior transmitting in response to the Senate resolution information regarding the changes of the location of the northern Pacific railroad.

Senators Williams and Beck presented memorials of the press associations of Kentucky for an abolition of the duty on all articles used in making paper.

Senator Johnston and others presented similar petitions.

Senator Conkling presented a memorial of the officers of steam vessels, asking a modification of the law relative to the fees of pilots.

Senator Bayard from the Judiciary Committee reported favorably the Senate bill prohibiting the arrest of election officers on election day,

It makes it unlawful for marshals, deputies, or supervisors to arrest or imprison on election day any election officer acting by virtue of State laws for any offence against the United States election laws, but a warrant or process for such offence may be executed any time after the close of such election day; placed on the calendar.

Senator Edmunds stated that he and other members of the committee did not concur in the majority report.

Senator Gordon presented a petition to the Ex-Confederate officers concerning the preservation of the records of the battle of Gettysburg.

Senator McDonald submitted the views of the minority on the bill to reimburse several states for the interest paid on war loans which was recently reported adversely from the Judiciary Committee.

The Senate resumed the consideration of the Star-route deficiency appropriation bill, as reported from the Senate Appropriations Committee, preamble recites that the deficiency results from violation of the law by the post office department. The bill then appropriates $110,000 for the expenses of the mail service on the Star routes for the remainder of fiscal year.

No further increase of trips or expedition of the time to be made, and appropriates $100,000 for placing new service. No contract to be increased more than fifty per cent.

Senator Wallace explained the changes in the bill saying that the business interests of the country demand that the service shall be kept up to the existing standard, and that contracts made in good faith shall not be abrogated and contractors ruined because of the errors of the department. When the authors of errors are discovered they will be punished. Meanwhile the committee think the service should not be crippled.

Senator Maxey supported the committee bill, but thought the preamble unnecessary and unjust.

The Postmaster General had full discretion under the existing law and had done what he thought best, and the result had justified his action.

The Fort Worth and Yuma route about which there had been so much said was increased principally through Maxey's own effects.

It had helped much in facilitating the wonderful growth of Texas and other routes, had had similar effect in other States.

Senator Beck supported the preamble declaring that the Postmaster General had violated the law by expending so much of the appropriation in the first of the year so as to make a deficiency inevitable. Pending the debate the Senate adjourned.

HOUSE.

Under call of States the following bills were introduced and referred:

By Mr. Singleton, Illinois—In relation to telegraph communications.

It provides that all telegraph messages delivered for transmission to any telegraph company availing itself of the provisions of title 65 of the Revised Statutes, and copies thereof made by such company at the place of destination or any intermediate point, shall be deemed to be, and shall be protected from unreasonable search and seizure, or from production as evidence in judicial and legislative proceedings, to some extent as communications sent by the U. S. mail.

By Mr. Willis, Kentucky—Resolution of the Kentucky Legislature approving the address of the Mississippi River commission. Also for the relief of soldiers of the late war.

By Mr. Turner, Kentucky—Resolutions of the Kentucky Legislature, asking for a reduction of the President's salary to $25,000.

By Mr. Ellis, Louisiana, (by request) —To revive the act of June 3, 1856, and to make a grant of land to Morgan's Louisiana and Texas Railroad and Steamboat Company.

By Mr. Acklen, Louisiana—Proposing a constitutional amendment.

It recites the fact that an evidently growing tendency in the United States to the centralization of the power of the Federal Government, has awakened throughout the country a just fear that in the near future the perpetuation of his Union may again be imperilled by internal commotion, thereby wrecking the peace and prosperity of this Republic, and breaking down those doctrines of the pepetual union of States, finally and fully settled by the war, as well as infringing upon the home rule of States guaranteed by the Constitution, and proposes a constitutional amendment declaring that the union of these United States shall be perpetual and that all acts, or attempts to separate or destroy this Union, shall be treason against the Federal Government, and shall be punished as such. State lines and boundaries shall be inviolate, provided that new States may be formed with consent of the States from which they are formed, and the right of the State to make, execute and enforce its local laws by or through its chosen representatives or officials shall never be interfered with by the Federal Government.

By Mr. Buckner, Missouri—For the adjournment of Congress on the 24th of May.

By Mr. Ellis, of Louisiana, (by request)—To revive the act of June 3d, 1856, and grant land to Margan's Railroad and Steamship Company.

By Mr. Tucker, of Virginia, appropriating $25,000 for the relief of the daughter and grand-daughter of Zachary Taylor.

A bill to abolish all tolls on the Louisville and Portland Canal around the rapids in the Ohio river, was passed.

Mr. Cox, of New York, was recognized by the Speaker to move to suspend the rules and pass the bill for the relief of the suffering Irish, but was cut off by a motion to adjourn. He, however, obtained leave to have the report of the committee on Foreign Affairs printed. Adjourned.

AN EDITOR IN TROUBLE.

RICHMOND, Va., March 14.—This community was startled this morning by the public announcement that Dr. Luther R. Dickinson, editor and proprietor of the Planter and Farmer Magazine, Richmond, has been engaged for two years past in a systematic course of forgeries, using forged endorsements of Messrs. Jeter & Dickinson, proprietors of the Religious Herald, to negotiate notes of his own, which he offered for discount at various banking institutions in this city or sold to note brokers. He has also for some time past forged endorsements of Rev. Dr. George B. Taylor, Baptist Missionary to Rome, Italy, and Rev. Charles E. Taylor, Professor in Wake Forest College, N. C., his brothers-in-law. The fact that he was a brother of Rev. Dr. A. E. Dickinson, junior member of the firm of Jeter & Dickinson, and was otherwise so highly connected, dispelled all suspicions of the genuineness of the signatures forged, and he might have continued his criminal operations for a long time to come but for the recent death of Rev. Dr. J. B. Jeter, senior member of the firm of Jeter & Dickinson. The settling up of the affairs of Dr. Jeter, deceased, led to the discovery of the forgeries. The forger, finding that the disclosure of his many crimes was about to be made, left the city last Thursday, ostensibly on business, since when he has not been heard from. He left behind the following letter:—

"MARCH 11th, 1880.—I desire to make to my friends and creditors a frank confession of my sin and folly in fraudulently using the name and credit of others in the vain hope of extricating myself from embarrassments caused by the bad management of my affairs, compelled me to flee from my home utterly penniless. I solemnly declare my purpose to devote the balance of my life to the payment of my every indebtedness, and I invoke a charitable judgment and treatment on the part of all concerned.

(Signed.) R. L. DICKINSON."

VESSEL SUNK.

WASHINGTON, March 15.—The chief signal officer is informed that the schooner William P. Cox, of Washington, N. C., for New York burrows master, has sunk at Hatteras Inlet. The crew is syfe. The vessel can be gotten off if immediate assistance is obtained.

Doctors Will Differ.

The following characteristic letter speaks for itself; is plain English; needs no interpreter. Read it:

NEW MADISON, OHIO,
February 18, 1880.

Messrs. Landrum & Litchfield, Abingdon, Va.:—Gentlemen: Inclosed find $5.00 for another half dozen bottles of the Seven Springs "Iron and Alum Mass." My wife's health is better this winter than it has been for years, and I have spent hundreds of dollars for medicines and physicians' bills, but the "Iron and Alum Mass" is the cheapest remedy I have found, and has done the most good, consequently I am encouraged to continue its use, notwithstanding our family physician says it is for RICH PEOPLE with nothing much the matter with them. Well, we are not rich, and I suppose it operates differently on POOR PEOPLE. My wife has been an invalid for years, and is getting better "Doctors will differ." Send me the MASS. Experience is better than logic. Respectfully,

JAMES M. CARR.

Grocers
AND
Commission Merchants

No. 1 Fayetteville Street, No. 1 Martin Street, and No. 6 Market Square.

AS GROCERS

We offer to the trade and largest combined stock of

Heavy and Fancy Groceries

In the city. Without attempting to enumerate, we keep anything and everything to be found in a first class Grocery store.

To meet the increased demand for Roasted coffee, we have recently purchased a Hyde's Patent Roaster, of four bags the capacity of the one we are now using. We shall thus be enabled to meet the wants of our customers for perfectly Roasted Coffee.

As Commission Merchants

We have unusual facilities for handling Cotton and all manner of country produce—one of our stores being immediately on Market Squre, where the bulk of everything is sold.

LIBERAL ADVANCEMENTS MADE ON COTTON AS AGENTS FOR THE BRADLEY FERTILIZER CO.

We control in this market two of the best Fertilizers manufactured in the United States, both unsurpassed in the condition of cotton, corn, wheat and tobacco.

These Guanos have been used by hundreds in this section, and we number among our customers some of the best farmers in the State. We are selling both of them this season for four hundred lbs. cotton, payable 1st October, 1880.

We recommend for stiff clay soils our Fowl Guano, for light sandy soil, Bradley's Patent Superphosphate of Lime. Circulars and certificates furnished on application.

A large supply of the very best Grass, Garden and Field Seeds.

Seed Irish and Sweet Potatoes, which we are selling very cheap.

W. C. & A. B. STRONACH,
